

California OES Weather Threat Briefing

Wednesday, October 2, 2019
9:00 AM PDT

Day 1: Elevated fire weather concerns in portions of Southern Region due to breezy offshore winds and dry conditions.

National Weather Service
Western Region Headquarters
Regional Operations Center
Salt Lake City, UT

WEATHER KEY POINTS

10/02/19 - 10/08/19

Wednesday-Thursday

- Elevated fire weather conditions are expected in Southern Region, primarily across portions of southwest California Wednesday due to breezy offshore conditions and low humidities.
- A few light showers are possible across northern California on Wednesday and Thursday, but no significant impacts are expected.
- Temperatures will remain several degrees below normal in many locations.

Friday-Tuesday

- Temperatures warm up again to end the week, with near normal temperatures expected for the weekend.
- No significant weather or water related concerns expected through early next week.
